UNITY IS A PROBLEM
Up until now, the chief significance of the Geneva conference has been its demonstration of the fact that the United States is a major factor in the world's affairs. Secretary of State Hull's unexpected trip to Paris evidently is part of a last-minute effort to rebuild a common outlook on Asia.

Dulles went to Paris in response to urgent calls from France and Britain. The show-down with Indochina is approaching, and these nations understand all too well the value of having the big three stand together. For a time it seemed they were a bit careless in measuring the worth of such unity. They insisted upon delaying any consideration of a Southeast Asian alliance until after the Geneva conference, though the deteriorating military position of the French in Indochina—readily weakened their bargaining power at the council table.

Furthermore, both the British and French accepted the idea that a military truce in Indochina should be joined with a political settlement, though it has been apparent from the start that the only settlement the communists would accept was one which would leave them in the extreme disadvantage of the free countries.

The United States has felt all along this was the wrong approach. We do not believe any good can come from a political settlement at this time. Moreover, on principle we could not possibly guarantee an agreement to place more millions of people (the Indochinese) under communist slavery. Where red domination already exists, as in Eastern Europe, and parties to the extreme disadvantage of the free countries.

Neither Britain nor France can in conscience ask this country to repudiate that principle. And they cannot expect us to see any virtue in a political settlement which can benefit communism.

If unity is to be achieved by the Western powers, those who summoned Dulles might begin by forgetting a political settlement and working to arrive at a ceasefire in Indochina.

That's how it was done in Korea, and that is therefore in a strong political position on that peninsula.

The French and the British might also agree to a ceasefire immediately to initiate talks on a Southeast Asian alliance. The kind of strength an alliance would bring is the kind that would carry weight with the communists at the bargaining table. The Reds cannot be expected to be impressed by the territorial withdrawals of the French in Indochina.

Western unity is now, as always, a desirable thing. But it cannot be bought at the price of an agreement to hand over sizeable chunks of land to communism, under the pretense that we are thereby making the world safer for freedom.

GAGGING THE REDS
U. S. Information Agency's Voice of America has been gagging up some of the propaganda by broadcast the latest anti-communist jokers behind the Iron Curtain.

Here are a few samples:
A voter standing in line for a factory council election in Czechoslovakia, was examining the ballot given to him in an envelope. "What are you doing?" asked his supervisor. "I want to know whom I'm voting for," answered the worker. "Are you out of your mind?" asked the supervisor. "Don't you know the ballot is secret!"

This one came from a Bulgarian "escapee": "The government promised to raise our standard of living 30 per cent when spring came and they have done it. We used to be starving and shivering and now we are only starving."

A visitor to the office of Bulgaria's prime minister asked: "What kind of a telephone is that on your desk? It has a receiver, but no speaker."

"Direct line to Moscow," the prime minister replied.
Poles have a way of collecting bonuses offered by the communist government for factory work. How they do it is explained by two bricklayers who have erected a wall in nearby time.

The one says to the other: "You hold it up while I go and get the bonus."

Recent news cables attributing statements to Ho Chi Minh, Indochinese communist leader, have revived speculation in the west as to whether he is still alive. If alive, he would be a peace-maker.

He has taken no direct part in the peace negotiations at either Geneva or in Indochina.

American delegates at Geneva tried to examine the credentials of the Viet-Minh negotiator, to see if they were signed by Ho. The papers bore no signature.
Direct communist radio broadcasts by Ho stopped three years ago.
All efforts by the French to "smoke" him out have failed.
No wonder the centenarian crop is short. Woman of 98 says people who live long are those who mind their own business.

TUCKER'S NATIONAL WHIRLIGIG

WASHINGTON—The administration's policy with respect to a Southeast Asia defense force and future relations with the United States is being so interpreted that it has even provoked conflict and division among opposition Democrats on the subject.

Senate Minority Leader Lyndon B. Johnson, Tex., for instance, has been quoted as saying that the administration's policy is "a complete surrender to the communists." Johnson's charge is being denied by Sen. Charles McNary, Ore., who is a vocal supporter of the administration's policy.

McNary said that the administration's policy is "a complete surrender to the communists." Johnson's charge is being denied by Sen. Charles McNary, Ore., who is a vocal supporter of the administration's policy.

PAST ACTION RECALLED—A large bloc of Democrats, perhaps 20 or more, did not agree with the House on this issue. Many had lived through Wilson's League of Nations.

Many have always felt that World War II might have been avoided if the United States had joined that organization. They do not want to be responsible for the burial of the present Roosevelt-sponsored League of Nations.

THIMBLES DOWN ON ISOLATION OF U. S.—The thimble down on isolation of the U. S. from the world is being pulled out. The U. S. is being pulled out of its isolation.

DEFINITE, COHESIVE PROGRAM—Nervousness despite bipartisan grumbling about seeming inconsistencies on the foreign front, President Eisenhower and Secretary of State Acheson are working out a definite and cohesive program in the world war.

NO NEED FOR U. S. WITHDRAWAL FROM U. N.—The United States will not have to withdraw from the United Nations. The United States will not have to withdraw from the United Nations.

NO APPREHENSION OF RED CHINA—There will be no apprehension of red China in Southeast Asia, although the loss of part of Viet Nam to the communists is a serious matter.

Hank Isn't Deeply Impressed By Installment-Plan Vacation

By HENRY MEMMORE
As a man who buys everything on the installment plan, except stamps, naturally I was interested in reading that it is now possible to finance vacations in this manner.

All one has to do to spend one's vacation is to buy a vacation on the installment plan. It is a simple matter to make a down payment and then pay the balance in easy monthly bills.

Man Admits To Killing 5 In Arkansas

SHREVEPORT, La., July 22 (AP)—Detective Capt. Taylor Bateman said a man who identified himself as the "phantom killer of Texas," "Ark." surrendered to police late last night because his conscience "was bothering" him.

Bateman, identified the man as Robert Martin Chandler, about 28, Shreveport, Ark.

The man's name, Bateman said, was scrawled from finger tips to the shoulders of the man's back. Bateman said he was scrawled on the back of the man's back. Bateman said he was scrawled on the back of the man's back.

Bids Sought For Federal Grain Sheds

WASHINGTON, July 22 (AP)—The agriculture department has asked for bids to build enough new federal grain bins to hold 50,000,000 bushels of grain acquired under price support operations.

The department said that while there are being asked for this fall 40,000,000 bushels of added storage capacity, the actual number of bins purchased will depend on how the government's wheat, corn and soybean crops turn out this year.

The new bins will be used primarily for corn in Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, Ohio, South Dakota and Wisconsin, and for wheat in Montana.

The department already this year has built enough new bins to store 200,000,000 bushels of grain. These cost about \$40,000,000 and brought federal bin capacity to 520,000,000 bushels.

Bureau Approves Plan for Hatchery

BOISE, July 22 (AP)—Charles C. Gosselt says the state board of corrections has advised him a program of raising fish on the Eagle Island prison farm would be "a very good one."

Gosselt proposed such a program Tuesday in his campaign for the Democratic nomination for governor. He said he would, if elected, prevail upon the board of corrections and the Idaho fish and game commission to cooperate in building a huge fish hatchery.

With them is Ronald, 17, a younger brother of Roger. (AP wirephoto)

Meeting Held for Hagerman Group

HAGERMAN, July 22—A general meeting of the Hagerman 4-H community club was held Monday afternoon at the home of Mr. and Mrs. LeRoy Jolley. The club members present were: Corinne Russell, Felicia Jolley, gave an illustrated talk and members participated in practice judging.

The group also decided to enter a cat in the Pioneer day parade Saturday. Club members voted to hold general meetings in the evenings instead of the afternoon for the remainder of the summer.

The forestry group, under the direction of Vernon Ravenscroft, visited tree projects at the home of members. They went to the homes of Robert Osalon, Virgil Norwood, Ravenscroft and LeRoy Jolley. Joan Jolley gave a demonstration on the proper method of building and extinguishing camp fires. Refreshments were served by Sharon McNulty, Ann Evans and Carolyn Ravenscroft.

Officials Seek To Sign Flood Pacts With 15

BOISE, July 22 (AP)—Moving to set for full-time operation of Lucky Peak dam, the bureau of reclamation is signing up flood-control agreements with 15 major water users along Boise river.

Gilbert Stamm, superintendent of the Central Snake River reclamation project, said five of the 15 users had signed agreements to permit use of Arrowrock and Anderson dam reservoirs for flood control next spring.

These water users have storage rights in either Arrowrock or Anderson dam reservoirs or both. Arrowrock was built originally for irrigation. In order to use the reservoirs for flood control we plan to empty them in event our forecasts predict floods and use them to absorb flood waters, Stamm said.

In event the forecasts do not prove correct and floods fail to result, the reservoirs, water officials will be made up from storage behind Lucky Peak, he said.

Error

SAN FRANCISCO, July 22 (AP)—The wedding chimes disappeared from the Church of the Immaculate Conception and it was assumed that somebody had stolen them.

Police were notified by the Rev. Victory Bazanella and a search was started. But the priest himself solved the mystery a few hours later. He said he was informed his own parishioners had the chimes taken out for repairs and had forgotten to tell him.

Writer Finds Optimistic Note
On Effects of Atomic Bombing

By CHARLES MERRICK
NEW YORK, July 22—My frivolous thought for the day recently cast a feeble ray of optimism on the effects of an atomic bombing. It could be thought, just happen to a little good for a very few survivors—by destroying (1)—birth certificates and (2) marriage license records.
The boon would be great to women—think 400 who long to be 31. Who could deny their claim to eternal youth if the record were destroyed? To some women the certificate in your pocket is precious that apparently they would gladly forfeit their stocks, bonds and bank accounts to a hula-hula.
Then there is the case of some married couples. Imagine John and Mary wandering back to the wreckage and suppose that Mary has been tried of married life with John for some time. As they approach the wreckage, John says, "Darling, I'm sorry at him and says, 'Get away from me. Why are you saying that?' John, exclaims, "Your beloved husband"—Smiling triumphantly Mary says, "Prove it to me!" And there goes another marriage.
This frivolous thought occurred to me as I was strolling down the west bank of Fifth avenue on my way to chat with a fellow named Charlie Costigan.

Costigan, who lives in Ordell, N. J., was preoccupied at the time installing a 30-ton door on a massive vault in the Manufacturers Trust company's new building. This vault, by the way, after right up front in the building behind what will be one of the world's largest sheet of plate glass. Thus if a burglar ever starts tampering with Charlie Costigan's big door, he'll attract quite an audience on Fifth avenue.

Costigan is a lean, limber, quick man who looks 50 and is 60 years old. The Manufacturers Trust company employs him and his crew of men to go around the country installing vaults. Says there are only a half dozen men in the nation who can do the job that Charlie does.
This hasn't gone to Costigan's head. When confronted by the statement he "fills vault doors like pancakes," he shrugs helplessly at the floor.
"Am," he says, "a traveling mechanic."
The obvious fact about a vault is that it is no safer than its door. If you have a door, a 30-ton door, you know it's a tricky operation. And when you visualize a 30-ton door that must fit to a hundred-thousandth of an inch and swing at the pressure of a finger you can imagine the highly exacting nature of Costigan's work.
"It is," he says, "all a matter of balance."
While we talked, his crew was jacking up the 30-ton door and cranking it preparatory to the big moment when they'd swing it across the opening and Costigan would delicately set it in place.
Finally I put the big question to Costigan: "This vault, would you stand an atomic bombing—wouldn't it?"
"Why yes," I think it would." Then, I told Costigan about my frivolous thought, my Fifth avenue fantasy of a displaced policy, but gradually he took on the expression

of a man who feared another was putting words in his mouth.
"Slowly," he backed away. "Well," he said, "I've got to get back to the job."

Solon Blasts Benson Over Wheat Props

WASHINGTON, July 22—Senator Young, R., D., says Secretary of Agriculture Benson will "drop the price support for wheat to the lowest level permissible under law."

Even so, Young predicted that wheat farmers will vote approval of the "wheat quota" bill in the nationwide quota control tomorrow.

Young, who represents an important wheat state, has been engaged in a running war with Benson and the Eisenhower administration over farm programs and price supports.

Young heads a bipartisan senate group that is pressing for a revision of the 1949 wheat price support on wheat and other basic crops in opposition to the Eisenhower administration program for flexible price supports.

May Act Today

Majority leader, Keating, R., Calif., said the senate will take up the general farm bill when it completes action on the pending agriculture legislation. That could be today.

Young in a statement called Benson's decision on the wheat quota "regrettable," adding that President Eisenhower recently said he favored support at "not less than 90 percent of parity."

Campers Win Scout Awards

SHOSHONE, July 22—Achievements for members of Scout troops 87 and 88 at "Lightfoot" Bar camp were reported Wednesday. Sixteen boys of troop 87 earned the 1954 camp emblems this year in addition to participation Thursday night by Larry Barney and Darwin Mills in the order of the arrow.

Carl Whitehead won third place in the fish derby and merit badges won were Whitehead, camping, hiking and cooking; Martin Campbell, cooking; Leigh Kelley, camping and swimming; Paul Peak, cooking; and Howard Blumstein, second class; Paul Peak, first class and Colin Whitehead, first class.

Seven members of troop 87 earned the camp emblems. The troop also took first place in compass course, second place in the clean camp derby and tied for second place in exambanship.

Richard Tanaka received the order of the arrow and merit badge won were by Gary Meyer, safety and world brotherhood, and Neil Meyer for safety, home training and reading.

Parties Arranged By Shoshone Unit

SHOSHONE, July 22—Evelyn Holt and Sharon Cole were hostesses to the July juniors club meeting at the home of Mrs. William McKay, Tuesday afternoon. Lucille Holman conducted the business meeting.

Plans were made for a swimming party and a theater party. The next business meeting will be on Aug. 17. The meeting next Tuesday will be devoted to completing plans for the county-wide achievement day on July 29.

Girls taking frozen foods projects will participate in the demonstration next Wednesday at Wood River Center Grange hall.

In 1953, people in Coconino made an average of 3,871,000 telephone calls a day.

Fishy Golf

"Something fishy here!" seems to be the question as Hollywood stars tee off in the opening of the Western Amateur Golf tourney at Broadmoor Golf club. Neale, Jack Benny, left, and Bing Crosby, right, told a couple of Puget salmon presented to them at the first tee. Sliding up the situation is Phil Harris, second from left, and Chuck Horne. Noted "senior-junior" Benny and Crosby have a bet on the match—the loser to donate \$500 to charity. (NEA-Telephone)

Principal Provisions of Tax Reform Bill Are Summarized

WASHINGTON, July 22—A summary of the principal provisions of the compromise tax-reform bill approved by a senate-house conference committee late yesterday.

Piling date—The latest filing date for federal income returns would be April 15 instead of March 15.

Medical expenses—Taxpayers will be permitted to deduct medical and dental expenses exceeding three per cent of gross income, instead of five per cent as provided by present law. The maximum medical expense deduction would be increased from \$1,250 to \$2,500 per exemption, and the maximum in the case of a joint and several return would be increased to \$10,000.

Child care—A working widow, widower or divorced person, or a married couple with a combined income of less than \$1,500 a year, could deduct up to \$600 a year for child care expenses while the parents work. A working woman or a widower also could take a deduction of up to \$500 for expenses in the care of any dependent who is mentally or physically incapable of caring for himself.

Retirement income—The first \$1,200 of retirement income of persons over 65 would be exempt from income tax, with a maximum exemption of \$240. Persons who retire under public retirement plans, school teachers, firemen, policemen and governmental employees could receive before 65 and still get the \$1,200 exemption.

Working children—Children under 18 more than 100 miles from home claimed as dependents by their parents or if they are under 18 or if they are attending school and the parents contribute more than half of their support.

Head of household—A widow or widower would be given the full benefit of the parities of married persons.

Declo Visitors

DECLO, July 22—Mrs. Nelda Nelson and children, Grand Island, Neb., are visiting their parents, Mr. and Mrs. E. V. Curtis.

Mrs. Della Hook and daughter, Nampa, are visiting her mother, Mrs. Julia Ballard.

Ray Bronson, San Jose, Calif., visited here Tuesday.

Visits Listed

JWENDEL, July 22—Mr. and Mrs. Vernon Baile and family have returned to Soda Springs after visiting Mr. and Mrs. Jerry Williams.

Matthew J. Smith and son, Winter Haven, Fla., are visiting Mr. and Mrs. George E. Smith.

will be allowed on the remainder of dividend income.

Depreciation—A new depreciation formula is provided under which business property may be written off for tax purposes at a faster rate during the early years of its use.

Omaha Stock Group Seeks Drought Aid

OMAHA, July 22—Leaders of the livestock industry here have asked the federal government to help stabilize the cattle market in the face of expected "distress selling" from drought areas.

A formal request that the agriculture department buy cows forced on the market by the drought was sent to Agriculture Secretary Ezra C. Benson by Rep. Carl Curtis, R., Neb.

He suggested that Benson employ a voluntary plan of action to purchase cows. Section 32 of the agriculture act provides that certain revenue department buy cows be used in bolstering distress commodities. Curtis suggested that the section 32 funds be used to buy beef for school lunch programs and other assistance programs.

He was joined in the request by Harry B. Coffey, president of the Union Stockyards company, Omaha, and by other industry experts.

Bids Sought

HAGERMAN, July 22—The town board Monday evening asked for bids to oil three streets and decided to drain a ditch that carries the overflow of irrigating, east of the city park.

"Streets to be oiled include Main street east—Broadway street east and North Avenue east. Mayor Emerson Pugmire said these streets are in need of oiling."

CLOROX makes my linens whiter... and safer to use!

CLOROX makes linens more than white... it makes them sanitary, too!

No wonder Clorox is America's favorite bleach and household disinfectant! It makes your white cottons and linens snowy-white by removing dinginess, stains, even scorch and mildew. At the same time it provides added health protection... for no other home laundering product equals Clorox in germ-killing efficiency!

And there's no worry about musty-smelling towels when you launder with Clorox. For Clorox disinfects... leaves towels delightfully fresh smelling. Also, Clorox, a liquid, contains no gritty particles to damage wash and washer. It's extra gentle, free from caustic made by an exclusive, patented formula.

Here's how CLOROX protects health as it brightens your bathroom!

When you use Clorox in routine cleaning of tile, wash basin, tub and toilet bowl, it not only removes stains and disinfects, it kills germs, too... provides a type of disinfection recommended by hundreds of public health departments. See the Clorox label for the many ways a full economical product can help you.

You get all these benefits in a Clorox-class wash!

1. Bleach—like Clorox—disinfects... leaves towels delightfully fresh smelling.
2. Brightens—disinfects... leaves towels delightfully fresh smelling.
3. Removes stains—disinfects... leaves towels delightfully fresh smelling.
4. Kills germs, too... provides a type of disinfection recommended by hundreds of public health departments.
5. Sanitary—disinfects... leaves towels delightfully fresh smelling.
